WE MISS YOU!!!

**MAGIC JUICE**

I love the Northeast DIPA style. This fluffy, juicy, wildflower brew came together during a crazy, turbulent, magical summer and was first canned three days after my beautiful daughter. I hope it enchants you in your world around, just like mine was. Cheers!

**FIREFLY CREW**

My son and I have always loved catching fireflies together during the summer evenings. One night, he declared that we would be known as "The Firefly Crew," and the name stuck. This bright-tasting, without, brewed with cantaloupe and lemon zest, was created for you to enjoy while not making memories with your own loved ones. Cheers, from our crew to yours!

**Folds of Honor**

**DEFENDER**

In partnership with Folds of Honor, each 6-pack of Defender Blonde Ale will include a donation to support educational scholarships for the children and spouses of disabled or fallen veterans. We hope you will join us in this endeavor, and raise a glass to the defenders of America!

CRAFT BEER INFUSED BEEF

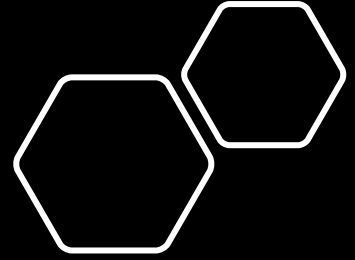

HAPPY BIRTHDAY

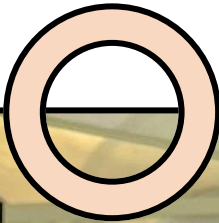

A man with a beard, wearing a white lab coat and a tan cap, is speaking into a microphone. He is standing in front of a projection screen. The screen displays the title 'Making Beer-Inspired Cider' and the subtitle 'Luke's cheap and easy methodology'. The background of the screen is a colorful illustration of a landscape with green hills, a purple flower, and a bird. A white projector sits on a cardboard box to the left of the man. In the background, there is a kitchen area with a black kettle and a yellow container.
