 It's the Most Wonderful Time for a Beer! 

Join your fellow Red Earth Brewers for our Annual Christmas Party and let's toast to an incredible year!

Broke Brewing Company

Thursday, December 12 | 7 PM – 9PM

Here's what's brewing:

🌟 **Feast & Festivities:** Chris Hurt will be serving up smoked meats, and we're asking everyone to bring a side dish or dessert to share.

🌟 **Gift Exchange:** Bring something to hang on the tree for our ornament-style gift swap! Get creative—anything that can hang on the tree goes, so think outside the box!

🌟 **Celebrations:** We'll reflect on an incredible year, announce the Club Brewer of the Year and the Tom Challis Club Member of the Year awards, and toast to the holiday season.

Reminder: This is a **members-only** event, so make sure your dues (and your +1) are up to date!

Let's raise a glass to great beers and even greater friends. See you there! 🍷

Remembering Rev. Ivan Mosley

This month, Red Earth Brewers lost a close friend when Rev. Ivan Mosley went to be with the lord on November 5th.

Ivan was amazing! He was a kind soul and a true supporter of our club and community. Ivan is generously donating his brewing equipment to the club.

In honor of his legacy, kindness, and love for the brewing world, we're looking to assist a any interested club member with getting started in brewing by offering his system, free of charge.

If you're interested and want to learn more about the setup, please send us a message. Let's keep Ivan's passion alive and continue growing this incredible craft he loved.

December

National Lager Day on December 10th, 2024

Raises a glass to the third most popular beverage after water and tea. While lager is typically characterized as a light, summer beer we believe that every season deserves to be celebrated with a few of your favorite things. Lagers are distinguished from other beers by using a cold-conditioning process. Before the advent of refrigeration, brewers perfected this process in cellars dug into the ground and filled with ice. Those who taste the delicious results described the lager as "crisp" and "refreshing." It is no wonder that this method caught on and produced a wide variety of brews synonymous with regional and national brands.
